

Instructions for 2-step Verification on CMU Portal

To enhance system security and reduce the risk of campus portal account credentials being compromised, starting from 1:00 PM on July 2, 2024, 2-step verification will be required when logging into CMU portal from non-campus networks (such as home or mobile networks). The details are as follows:

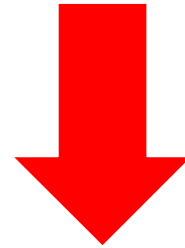

Starting from 1:00 PM on July 2, 2024, when users access CMU portal from non-campus networks (such as home or mobile networks), the system will not enter CMU portal directly after the user inputs the username and password. Instead, it will proceed to the 2-step verification process as shown:

A screenshot of the 2-step verification process on the CMU portal. The page header includes the CMU logo and name. The main heading is '二次驗證' (2-step verification). Below the heading, there is a message: '請開啟 中國醫藥大學校園入口網站 APP · 查看6個數字驗證碼' (Please open the China Medical University Campus Portal APP · View 6 digital verification codes). A text input field is provided for the user to enter the verification code. Below the input field are four buttons: '送出' (Submit), '重新登入' (Re-login), 'APP下載' (APP Download), and '二次驗證操作說明' (2-step verification operation instructions).

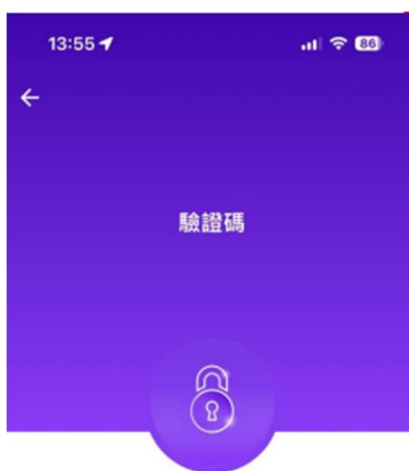

2-step verification is required for successful login to CMU portal from non-campus networks (such as home or mobile networks). Please follow the instructions below to complete the process:

1. Please open your CMU APP when seeing this

2. Select "Verification Code"
